Cost Report-WTB-All Departments.xnv	CRALLDPT - Cost Report All Departments
For HCSDA only:	
Cost Report-Rentals-HCSDA.xnv	CRRental - Cost Report - Rentals

NOTE:

The CR-WTB's have the departments hard coded according to the lists of the departments used by each hospital that was provided by the Cost Reporting Section. Special cost reporting trees were built for each Business Unit rolling up the departments in a specific manner.

The "All Departments" report implodes to all of the departments that have been used by the hospital.

Comparing these two reports periodically will determine if a hospital has used a department in error or if a department has been added to the hospital but has not been added to the CR-WTB's.

Just a reminder, if any hospital adds a department, the CR-WTB and the tree for that hospital must be edited.
