

When an RMA is keyed at the Standard UOM and that is not the defined Unit of Issue – you can correct it as follows:

Navigation: Inventory – Putaway Stock – Stockroom Feedback

Originally the Stockroom Feedback reflects the following:

Stockroom Feedback

Unit: MCWHS Staged Date: 12/09/2010 Total Staged: 1
Staging ID: 34648 Total in Error: 0

Putaway Line Details Find | View All First 1 of 1 Last

Item ID: 113034 DRESSING WOUND PAD #101015

Storage Location: FLOR2 H 003 01 02 Putaway

Container ID: Container Sequence:

*Quantity: 0.5667 CS Base Qty: 51.0000 EA

Distrib. Type: RETURN [ChartField Overrides](#)

Comments: _____

Since the quantity keyed on the RMA did not match the Issuing UOM it will error at putaway.

Change the quantity on the Stockroom Feedback panel to equal the Base Quantity that populates and change the location detail to an alternate location. Click Putaway and complete transaction.

Stockroom Feedback

Unit: MCWHS Staged Date: 12/09/2010 Total Staged: 1
Staging ID: 34648 Total in Error: 0

Putaway Line Details Find | View All First 1 of 1 Last

Item ID: 113034 DRESSING WOUND PAD #101015

Storage Location: FLOR2 H 003 01 01 Putaway

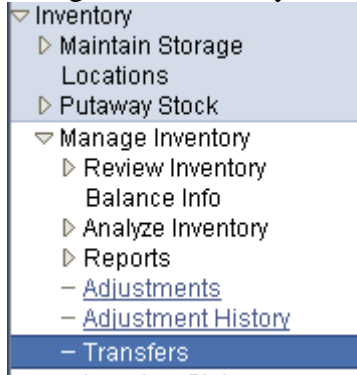

Container ID: Container Sequence:

*Quantity: 51 ea Base Qty: 51.0000 EA

Distrib. Type: RETURN [ChartField Overrides](#)

Comments: _____

Navigation: Inventory – Manage Inventory - Transfers

Put in Unit and Item ID and Click Search

Transfers **EZ Transfers**

Unit: **Container ID:** **Storage Location:**

Item ID

Description:
DRESSING WOUND PAD #101015

Original Location		Find View All	First	1 of 2	Last			
Item ID:	113034				Transfer Show previous row			
Description:	DRESSING WOUND PAD #101015							
Storage Location:	FLOR2	H	003	01	01	Quantity:	51.0000	EA

In this example we want to change the quantity from EA to CS.

Click the Transfer link

Change the UOM to the CS at the bottom right of the panel and then populate the Transfer Quantity field with the quantity. You will notice a quantity populates next to CS with is the converted EA quantity.

Item ID: 113034 Container ID:
Storage Location: FLOR2 H 003 01 01
Quantity: 0.0000 EA
Transfer Qty: 51.0000
Comments:

Destination Location Find | View All First 1 of 1 Last

Unit: Storage Location:
MCWHS
Item ID: 113034
Quantity: 0.5667 CS

Return

You will then define the appropriate storage location – as reflected below:

Item ID: 113034 Container ID:
Storage Location: FLOR2 H 003 01 01
Quantity: 0.0000 EA
Transfer Qty: 51.0000
Comments:

Destination Location Find | View All First 1 of 1 Last

Unit: Storage Location:
MCWHS FLOR2 H 003 01 02
Item ID: 113034
Quantity: 0.5667 CS

Return

Click Save

Now the quantity appears at the valid location with the new valid UOM
