This Notice describes the practices that Lallie Kemp Medical Center and other health care providers and employees affiliated with the Hospital will follow. For example, the contracted and employed medical staff and the employees in our LSU HCSD headquarters will follow the privacy practices outlined here. Lallie Kemp participates in shared electronic health records systems and other patient information systems (“Shared Systems”) and may electronically share your health information for treatment, payment, healthcare operations, and other purposes permitted under HIPAA with other participants in the Shared Systems without your expressed permission. Lallie Kemp also shares patient information for quality and payment purposes with secure and confidential health information systems. The Shared Systems allows your health care providers to efficiently access and use your pertinent medical information necessary for treatment and other lawful purposes.

Lallie Kemp uses an electronic health record (“EHR”) to document the care you receive. The EHR that Lallie Kemp uses is combined with other hospitals in the Louisiana Children’s Medical Center (LCMC) system. That system includes University Medical Center, Children’s Hospital, New Orleans East Hospital and Touro Hospital in New Orleans, as well as West Jefferson Hospital in Marrero, East Jefferson in Metairie and associated community health partners. Together, Lallie Kemp and the hospitals of LCMC make up an Organized Health Care Arrangement (OHCA), which allows our patients to have one complete record as patients are cared for across the OHCA.

The OHCA also allows for joint utilization review and quality assurance activities, improving the quality of healthcare throughout the system. Your medical record will only be viewed by hospitals in the OHCA system for purposes of your treatment, payment for services, and health care operations. The disclosure of your health information to other hospitals and health care providers outside of the OHCA may be shared electronically through our EHR system.

The disclosure may be done electronically through a health information exchange (HIE) that allows providers involved in your care to access some of your Lallie Kemp records. Also, some selected providers may directly access and view Lallie Kemp's EHR. This electronic access allows your health care services to be better coordinated. If you do not want health care providers outside of Lallie Kemp to have access to your records in this way, contact Lallie Kemp's Health Information Management department. They will ask you to put your request in writing. You will also need to notify your other health care provider(s) of this restriction request. If Lallie Kemp cannot grant your request, it will notify you in writing. Lallie Kemp may also need to revoke its acceptance of this restriction, but will do so in writing.

## Our Responsibilities

- We are required by law to maintain the privacy and security of your protected health information.
- We will let you know promptly if a breach occurs that may have compromised the privacy or security of your information.
- We must follow the duties and privacy practices described in this notice and give you a copy of it.
- We will not use or share your information other than as described here unless you tell us we can in writing. If you tell us we can, you may change your mind at any time. Let us know in writing if you change your mind.
